

## **INTERNATIONAL STUDENT CELL (ISC)**

### **Nurturing Global Aspirations with Excellence**

The college is duly approved by PCI & Rajiv Gandhi University of Health Sciences, Bengaluru to admit candidates under the Persons of Indian Origin (PIO) category and the Foreign Nationals (FN) quota. In pursuit of fostering global academic integration, the institution has established a dedicated International Student Cell (ISC).

The ISC has been instituted to support and guide international students pursuing their education under the prestigious Rajiv Gandhi University of Health Sciences, Bengaluru. It is committed to cultivating a welcoming, supportive, and intellectually enriching environment that empowers students from across the world.

Our Cell is staffed by a committed team of faculty and student representatives who serve as a single point of contact for all academic, personal, and administrative concerns of international students. Beyond academics, the ISC strives to enhance students' overall well-being and quality of life, offering comprehensive support that ensures a seamless educational journey.

### **Services and Support**

The International Student Cell provides an array of specialised services, including:

- Academic advocacy and personalised counselling
- Sports and recreational engagement
- Communication and updates for parents and families
- Issuing absence notices and providing postgraduate references
- Additional welfare and support services as required

### **Our Global Community**

Since 1992, the institution has proudly welcomed students from Nepal, Bhutan & Srilanka.

The college's harmonious environment, affordable living costs, and accessible fee structure continue to attract a growing number of international students who aspire to pursue quality education under Rajiv Gandhi University of Health Sciences, Bengaluru.
